Economic Value of Biboting

IMAGINE...

N230 per day can bring wellness to the whole family.

Spending N230 per day is equivalent to ten people at home buying 20 years of insurance and prevention of diseases.

Spending N230 per day is equivalent to the whole family having a private therapist. Just apply cupping on anywhere you have discomfort

Just N230 per day to become a global agent, doing business all over the world.

**Prevention is better and
cheaper than cure!**

Biboting minimum threshold of N1,650,000 for 20 years warranty.

Your life is worth far more than N230 per day

N1,650,000 = N82,500 / year = N6,875/month = N230/ day

Avoid the error of low value on Life & Health

Life is all about the value we place on it

what is the real value of your life?

Invest on yourself!

Biboting is Very Mobile

APPLICATION PROCESS AND HOW IT WORKS

The suction and release process of rhythmic pressure infuses negative ion and carefully distilled herbal extracts (essential oils) into the body while skin pores are opened so that your body can be supplemented with nutrition.
